

Creating a Book on Tennessee Politics in the Frontier Era

- Your assignment is to write a chapter for a "Picture Book" on important politicians during the Frontier Era.
- First, select and print out images from <http://www.tn4me.org/> or <http://tennesseeencyclopedia.net/>.
- To print out copies of images in "slideshows", follow these steps:
 1. Go to the section of the website where the image occurs.
 2. When the slide shows up, click on the upper right corner to stop the slide show.
 3. Right-click on the image and select Print.
 4. To print in grayscale, select Grayscale under the Color tab under Preferences.
- To print out images at the TN Encyclopedia History and Culture website, right click on the image and select Print.
- Next, add comments for each image. For example, you may write, "This image reminds me of ..." or "This image shows"
